SUMMARY

Data Analyst with a PG-Diploma in Big Data Analytics (CDAC) and 14 months of internship experience in **data analysis, reporting automation** and **ETL** using **SQL, Python, Power BI, Tableau** and **PostgreSQL**. Skilled in **exploratory data analysis (EDA), data cleaning, statistical analysis, KPI reporting** and **dashboard development**, with experience in **dimensional modeling** on **Snowflake** and **Databricks**. Also experienced in **Generative AI** and **machine learning**.

EXPERIENCE

AI/ML Intern Jan 2025 – Nov 2025
Compserv Consultant Pvt Ltd *Kolhapur, Maharashtra*

- Analyzed client datasets using **SQL** and **Python** (**EDA**, data cleaning, validation) to deliver data-driven insights and reports.
- Built a **text-to-SQL** chatbot that lets the support team query databases in natural language using **LLMs, SQL** and **LangChain**.
- Built an **LLM-powered document processing pipeline** for handwritten bills (extract, clean, validate, review in a form, store in **PostgreSQL**), reducing manual effort by 70%.
- Developed a **secure file-storage and tracking system** with encryption and audit trails on **PostgreSQL**, improving **data traceability**, and built **FastAPI** backend services.

Data Science Intern Jun 2024 – Aug 2024
Tvarit Solutions Pvt Ltd *Pune, Maharashtra*

- Developed **automated Python pipelines** to extract data from **AWS cloud storage, PostgreSQL databases** and flat files, apply preprocessing and generate **business reports**.
- Cleaned and analyzed **industrial data** (**EDA**, statistical analysis) to support senior engineers and data scientists in model and project development.
- Refactored procedural scripts into **modular Python scripts**, improving code readability and maintainability.

TECHNICAL SKILLS

Querying & Programming: SQL (Joins, Window Functions), Python, Pandas, NumPy, Bash/Shell Scripting
Data Analysis: EDA, Data Cleaning, Data Validation, Statistical Analysis, Data Visualization, KPI Reporting, Dashboards
BI & Visualization: Power BI, Tableau, Excel, Matplotlib, Seaborn, Plotly
Databases & Warehousing: PostgreSQL, MySQL, MongoDB, Snowflake, Delta Lake, Star Schema, Dimensional / Data Modeling
Data Engineering & Cloud: ETL/ELT, PySpark, Databricks, Apache Airflow, dbt, AWS (S3), Git
Machine Learning & AI: Scikit-learn, Classification, Regression, Feature Engineering, LLMs, Generative AI, LangChain

EDUCATION

Centre for Development of Advanced Computing (CDAC) Pune, Maharashtra
PG-Diploma in Big Data Analytics *Feb 2026 – Aug 2026*

Shivaji University Kolhapur, Maharashtra
B.Tech in Computer Science (Data Science) - 8.2 CGPA *Sep 2022 – May 2025*

Dr. D. Y. Patil Polytechnic Kolhapur, Maharashtra
Diploma in Computer Science - 84.23 % *Sep 2019 – May 2022*

PROJECTS

Supply Chain Analytics Pipeline & Dashboards | *PySpark, SQL, Snowflake, dbt, AWS S3, Tableau* *GitHub*

- Built an end-to-end pipeline on **AWS S3, PySpark, Snowflake** and **dbt** with Bronze, Silver and Gold layers, including **data quality validation** and deduplication, to deliver analytics-ready data.
- Developed interactive **Tableau dashboards** for revenue, inventory, store and rider performance from the Gold-layer models.

Sales Analytics Warehouse | *SQL, PySpark, Databricks, Delta Lake, Airflow, PostgreSQL* *GitHub*

- Designed a **star-schema** warehouse (fact and dimension tables) on **Databricks** and **Delta Lake** for sales analysis.
- Wrote analytical **SQL** (**joins, window functions**) for **KPI** generation and business reporting; automated loading into **PostgreSQL** with **Apache Airflow**.

HR Analytics, Netflix & Job Professional Dashboards | *Power BI, Data Visualization* *GitHub*

- Built three interactive business **dashboards** that visualize key metrics and trends for data-driven decision-making.

Diwali Sales Data Analysis | *Python, Jupyter, EDA, Data Visualization* *GitHub*

- Performed **exploratory data analysis** and visualization on Diwali sales data to uncover sales trends and customer buying patterns.

CERTIFICATIONS & LEADERSHIP

Certifications: Cisco Data Analytics, Cisco Introduction to Data Science, Power BI, Advanced SQL
Achievements: Winner, AI/ML TechSphere college tournament; data team lead, Mahila Bachat Gat platform (KIC)
